

Furniture Market

IHFC Fall Market

Oct 20 - Oct 25

At this year's Furniture Market in High Point, NC, visitors will be able to see an installation by artist Avery Shaffer. The 20 foot wall of glass sea life is for Lee Industries. The installation will be a backdrop for Lee's line of Green (earth friendly) furniture. Additional items on display include the ever decadent Arctic Bowls and Avery's latest series of warm glass paintings. All items are available in time for the Holiday season. Wholesale inquiries welcome. More of Avery Shaffer's art can be seen here, on his blog, including the series, 'Birds On A Wire'.
